

History - Find out more...

Dear Students,

Welcome to your 'Find out more...' page for History! History is a window to the world, helping us understand the present and anticipate the future by studying the past. Through A Level History, you will develop invaluable skills in analysis, evaluation, critical thinking, and effective communication, learning to interpret evidence, debate ideas, and view issues from multiple perspectives. These transferable skills open doors to diverse careers in law, journalism, politics, the civil service, teaching, museums, and beyond. Indeed, five British Prime Ministers studied History at university. The course is both intellectually challenging and deeply rewarding, exploring fascinating and significant topics such as the Russian Revolution, the Civil Rights Movement, Britain in the 17th century, and the Holocaust. Studying History will help you become a reflective, articulate, and well-informed thinker — qualities that make you stand out in higher education and the world of work.

We are excited to be part of your decision making journey, and you are welcome to check in with us at any time to learn more about History.

Mr Mandalos

Head of Humanities/Head of History
