Dear Students,

Welcome to your 'Find out more...' page for Sociology. Sociology is a fantastic A Level choice because it helps you understand how society works and why people behave the way they do. It explores key issues like inequality, identity, culture, crime, and education, encouraging critical thinking and analysis. You'll learn to question assumptions, interpret evidence, and develop strong essay and evaluation skills. These are valuable for university and careers in law, politics, journalism, social work, and more.

We are excited to be part of your decision making journey, and you are welcome to check in with us at any time to learn more about Sociology.

Mrs Mutombo

Head of Social Sciences
