Go beyond the essentials, to explore big questions and wider issues. What are the big challenges facing your subject?

1. Sustainability and Climate Change

- How can businesses reduce their environmental impact and move toward net-zero emissions?
- What role do companies play in tackling climate change whilst maintaining profitability?
- How do consumers’ growing demands for ethical and sustainable products change business models?

2. Ethics and Corporate Responsibility

- What responsibilities do businesses have beyond profit—toward society, employees, and the environment?
- How do companies handle ethical dilemmas, from data use to employee practices?
- How is corporate governance evolving to meet stakeholder demands?
