

Re: First Generation Scholars Student Survey

At Norbury Manor, we are always looking for ways to support our students to make the most of educational opportunities.

We have recently been approached by a number of universities and other organisations who have invited us to participate in their first-generation scholars programmes (sometimes called widening participation programmes) which are aimed at students who might be one of the first in their family to apply to or aspire to attend university.

The benefits of being a first-generation scholar include university visits, summer schools, mentoring and skills development workshops, all of which are free of charge.

My records currently show that we do not have this information for your child. If you are happy to share this information with us then please complete the form below and leave it with your daughter's form tutor.

We understand that some parents and carers may not wish to volunteer this information and therefore supplying this information is **entirely your choice**.

The information is kept securely on our school data management system and is only used to identify eligible students for various activities and programmes.

*****If you are happy to share the information with us please complete the questions below *****

Name:

Form:

1. Did either parent go to university? (Siblings or other family members do not count.)
YES
NO
PREFER NOT TO SAY
2. If you answered "YES" to question 1 - in which country did they study?
3. If you answered "YES" to question 1 - did parents go to university at age 18/19/20 or were they mature students?

Declaration

- I understand that Norbury Manor will hold this first generation information securely on their Management Information System
- I understand the data will only be used to identify my child for first-generation scholars' programmes for which they are eligible
- I understand that this information will not be shared with any other third parties
- I understand I have the right to have this information removed at any point in the future
- I understand that any information I supply to a third party provider during their application process may need to be verified by the school
